

MISSION TRIPS SCHOLARSHIP CRITERIA

As approved by the Bold Service and Social Justice Committee on June 9, 2014

1. Funds should be provided to church-wide “sponsored” trips, e.g. Mexico Mission, Katrina, Haiti relief. Funds may be provided to a particular group that might not be church-wide as long as scholarships are open to any member of the group.
2. There should be a simple application for the scholarship money that the recipient fills out.
3. Scholarship should be based on financial need and not to encourage someone who might not prioritize making the trip.
4. Approval should be decided by three people: the mission team leader; the chair of the Bold Service & Social Justice committee, and the relevant practice leader (Outreach, Hands-on Mission, Social Justice).
5. Priority should be given to adding diversity to the group so that a broader group of people can be exposed to mission work.
6. The scholarship recipient should contribute some of their own funds.
