

Felipe Garcia  
Facilities Manager

I was born in Mexico and raised in Los Angeles and San Jose. I attended San Jose State University for construction estimating and blueprint reading. I've been married for 35 years to my wife Maria Carmen and we have three daughters, two sons, and five grandchildren. I worked in the general construction field for almost 40 years. After all these years, I was searching for a place to work. It's a blessing to be working at LAUMC. Every day I come to work excited about what will happen today, and I look forward to doing my work, going home at the end of the day, and enjoying time with my family. I enjoy reading, walking, cooking, and watching my grandchildren's soccer and baseball games.
